Marking Scheme

Student No ( ) : (Name) **TP Number :**

	Fail	Marginal Fail	Pass	Credit	Distinction
	0 - 6	**7 - 9**	**10 -12**	**13 - 15**	**16 - 20**
Functionality (20%)	▪ Major issues in business process designed/workflow OR business processes designed does not align to the features required. ▪ No error handling or validation	• Business processes and workflow designed are partially functional. • Inconsistent validation or lack of proper error handling	• Only half of the business processes and workflow designed are functional with minor issues in execution. • Some issues detected in validation or error handling	• Business processes and workflow designed mostly functional with minor errors • Minor issues in validation or error handling	• Fully functional business processes and workflow implemented with no error • Comprehensive validation and error handling in all forms and processes
	Fail	**Marginal Fail**	**Pass**	**Credit**	**Distinction**
	0 - 3	**4**	**5 - 6**	**7**	**8 - 10**
Design & Usability (10%)	• User Interface is poorly designed. • Illogical or incoherent process design	• User Interface designed are somewhat usable but lacks clarity or aesthetics • Partially logical but overly complex or inefficient design	• Appropriate User Interface with minor design flaw • Logical but slightly inefficient process design	• User Interface mostly intuitive but with minor design flaw • Overall workflow usability is appropriately designed with satisfactory efficiency in executing business functional processes.	• User Interface Intuitive, visually appealing and user friendly. • High usability and efficiency in workflow design and fully aligned to the business functional requirement.

Innovation & Creativity (10%)	**Fail**	**Marginal Fail**	**Pass**	**Credit**	**Distinction**
	0 - 3	**4**	**5 - 6**	**7**	**8 - 10**
	• No innovation or unique elements • Not using or attempt in using any of the advanced feature from the platform.	• Lacking in innovative approach in solving the problem. • Attempted to include one or two platform's plugin features but not working. .	• Minimum innovation, basic implementation. • Limited or basic use of advanced features from the platform.	• Some degree of innovation applies in the solution. • Moderate use of advanced features from the platform. .	• Original and innovative approach to solving the problem • Effective use of advanced platform features (e.g., plugin integration from marketplace and etc)
Team Collaboration (5%)	**Fail**	**Marginal Fail**	**Pass**	**Credit**	**Distinction**
	0	**1 - 2**	**3**	**4**	**5**
	• Poor collaboration or evidence of minimal team effort • Poor time management and missed deadline	• Significant imbalances or lack of role clarity • Moderate delays affecting progress	• Some imbalances in contribution or unclear role • Some delays but no significant impact	• Minor imbalances in contribution or unclear role • Minor delays but no significant impact	• All team members contributed equally with clear roles • Excellent time management and all deadlines met

Documentation & Presentation (20%)	**Fail**	**Marginal Fail**	**Pass**	**Credit**	**Distinction**
	0 - 6	**7 - 9**	**10 -12**	**13 - 15**	**16 - 20**
	• Poor or missing documentation • Poor presentation and not able to answer questions or absent from presentation	• Basic or partially complete documentation • Basic presentation with minimal effort, and not able to answer most of the questions	• Mostly complete documentation with some gaps • Prepared and presented but lacking in clarity	• Satisfactory and complete documentation with minor gaps • Prepared and appropriately presented	• Comprehensive, clear, and detailed documentation • Clear, engaging, and well-structured presentation
